

## INFORMATION TECHNOLOGY TRANSPORT SYSTEMS DESIGN BUILD SERVICES

As you review the contents summarized herein – we feel you will agree that NYC Communications LLC offers much more than an economical solution to all of your telecommunications needs. The combination of our experienced Design, Installation, Implementation and Project Management team, as well as our support resources allows us to complete major projects and installation work within minimal time – without confusion. In addition, our *Single Point of Contact* solution to manage the entire project will enable you to reduce total project costs by at least 15%.

### EXECUTIVE SUMMARY

NYC Communications LLC will generate the following proposal for your review. This proposal is based on a fixed price methodology that encompasses specific fixed deliverables.

This Structured Connectivity Systems Services Agreement is summarized in the following sections:

- Section 1. Introduction
- Section 2. Executive Summary
- Section 3. Agreement Overview
- Section 4. Project Deliverables
- Section 5. Summary of Work
- Section 6. Pricing Information
- Section 7. Executive Proposal Summary
- Section 8. Scope of Work
- Section 9. Terms and Conditions
- Section 10. Documentation

The Summary of Work as outlined in the Project Deliverables is based upon the following phases:

- Phase I. Assessment Analysis
- Phase II. Criteria Package
- Phase III. Design
- Phase IV. Installation
- Phase V. Implementation and Project Management

NYC Communications LLC looks forward to working with you on this strategic project. Our methodologies, industry experience and customer commitment, provide the basis for an excellent working relationship.

NYC Communications LLC provides a one-year warranty for new installation work. In addition, NYCC will perform all work in accordance with ANSI/TIA/EIA Standards and local building electrical codes.

NYC Communications LLC extends our appreciation for this opportunity to be of service to you. We trust that you will find us– NYCC as your choice and solution to design and manage all your telecommunications needs.
